WHY IS COLLAGEN IMPORTANT?

Although the body produces its own collagen, external collagen can also be extremely useful for the body. Collagen provides firmness and elasticity to skin while also strengthening the blood vessels.

When collagen decreases, the skin thins. As we age and are exposed to stress, our collagen decreases. Boosting collagen supplies maintains the strength and health of skin, keeping the appearance youthful and reducing signs of age like sagging, thinning, fine lines, and wrinkles.

COLLAGEN SPA BENEFITS

COLLAGEN BUBBLE CRYSTALS

Formulated to relieve stress, Collagen Crystals create a warm soothing bath made with natural sea salt that detoxifies and soothes skin.

COLLAGEN SUGAR CANE SCRUB

Natural sugars and oils boost vibrancy of skin helping tone and renew texture, while collagen diminishes lines and wrinkles leaving skin younger-looking and feeling

COLLAGEN CREAM MASK

This creamy mask draws out impurities and added collagen helps to maintain skin's youthful beauty.

COLLAGEN MUSCLE RELAXING GEL

Refreshes and relaxes muscles. Instantly revitalize tired legs and ease muscle tension. Massage in for the soothing and warming effects.

COLLAGEN MASSAGE LOTION

Creamy lotion hydrates and moisturizes with natural oils and plant-based collagen, leaving skin silky and smooth throughout the day.
